**Noodle Rice Nest Imported Vietnam
Product # LA026 • Size 60 x 35 gm**

Traditional Vietnamese rice stick noodles also know as vermicelli are made with rice flour and come in individually portioned nests for proper portion control. Most commonly used in Southeast Asia, they are quickly prepared by frying until puffed and crispy or boiled to produce a component for soups or spring rolls.

**Noodle Ramen Wavy Ready To Eat
Product # KH266 • Size 65 x 5 oz. pkgs.**

These long, thin ramen noodles are made with wheat flour and are shelf stable, individually portion packed and ready to eat. Traditionally used as an ingredient in Asian soups and broths, this product can be used in many preparations such as stir fry, or cold salads and is a good option for retail kits or food service.

**Noodle Udon Ready To Eat
Product # KH262 • Size 65 x 5 oz. pkgs.**

White udon noodles made from wheat flour, are thick and have a slippery texture. Udon has a long history in Asian cultures and is traditionally enjoyed in soups, stews, braised dishes or even served cold in Asian salads. This product is ready to eat and can be a good option for retail kits or food service.
